Date

You determine how much to deposit and how often you want direct deposits from your account at another financial institution. Funds can be transferred on the 1st or 20th of the month from your financial institution.

How It Works

- If the designated amount each period is less than the minimum deposit to purchase a CD, those funds are deposited on the schedule you specify into an Accumulator Account (see Product Disclosure Statement for Accumulator Terms and Conditions). Each time the balance in the Accumulator reaches the selected CD minimum or more a CD is purchased.
- If the designated amount each period is greater than the minimum deposit level to purchase a CD, it automatically purchases a CD.

FDIC Insurance

All deposits at College Savings Bank are governed by the statutes, rules and regulations of the State of New Jersey and the FDIC; the Bank's certificate of incorporation and by-laws; the regulations, rules and practices adopted by the Bank; and general savings bank practices. Each account holder's principal and earned interest held in the same right and capacity are insured by the FDIC up to a maximum aggregate amount of \$250,000. FDIC deposit insurance temporarily increased from \$100,000 to \$250,000 per depositor through December 31, 2013.

Changing or Discontinuing Deposits

To discontinue or reinstate deposit transfers from another account, or to change the frequency, amount or maturities, submit a direct deposit change form including the signatures of the account College Savings Bank is debiting from within 3 days (e.g. the financial institution). Forms are available by calling 800-888-2723 or online at www.collegesavings.com.
