

## Important Notice Regarding Replacement of Life Insurance or Annuities

Home Office: Lansing, MI  
www.jnl.com

### To Be Left With Applicant

In connection with the purchase of a life insurance or annuity policy from us, you have indicated that you may terminate or change your current life insurance or annuity policy issued by another insurance company, or that you may obtain a loan from that company against your policy to pay premiums on the proposed policy. Any of these actions is a replacement of your current policy.

A decision whether it is to your advantage to replace your current life insurance or annuity policy is a personal one, and one that only you can make. It is in your best interest to have adequate information before a decision to replace your current policy becomes final. It is important that you understand the essential features of the proposed policy and of your current policy before making a decision to replace the policy.

If you are applying for a new life insurance policy, you are urged not to terminate your current policy until after the new policy has been issued, and you have examined it and found it to be acceptable. If you terminate your current policy and fail to qualify for the new life insurance, you may be unable to purchase other life insurance or may be able to purchase only at a much higher rate.
