INTRODUCTION

Delta Dental is pleased to welcome you to the group dental plan for Government Employees' Benefit Association (GEBA). Our goal is to provide you with the highest quality dental care and to help you maintain good dental health. Using This Evidence of Coverage

This Evidence of Coverage discloses the terms and conditions of your coverage and is designed to help you make the most of your dental plan. The benefit explanations contained in this booklet are subject to all provisions of the Group Dental Service Contract on file with your employer, trust fund, or other entity ("Plan Administrator") and do not modify the terms and conditions of that contract in any way, nor shall you accrue any rights because of any statement in or omission from this booklet.

SELECTING YOUR DENTIST

Free Choice of Dentist

Delta Dental recognizes that many factors affect the choice of dentist and therefore supports your right to freedom of choice regarding your dentist. This assures that you have full access to the dental treatment you need from the dental office of your choice. You may see any licensed dentist for your covered treatment

- Delta Dental PPO Participating Dentist (“PPO”)
- Delta Dental Premier Participating Dentist (“Premier”)
- Non-Participating Dentist

In addition, you may choose your own specialist, and you and your family members can see different dentists.

Remember, you enjoy the greatest savings when you choose a PPO dentist. To take full advantage of your benefits, we highly recommend you verify a dentist’s participation status within a Delta Dental network with your dental office before each appointment. Review the section titled “How Claims Are Paid” for an explanation of Delta Dental payment procedures to understand the method of payments applicable to your dentist selection and how that may impact your out-of-pocket costs.

Referrals to Specialists

Your dentist may refer you to another dentist for a consultation or specialized treatment or you may elect to see a specialist on your own. If this is done, be sure that the dentist you are referred to is a participating dentist. You can do this by simply asking the specialist when you make your appointment. Visiting a dentist who has agreed to participate in the Delta Dental network can save you money, time, and the hassle of paperwork. Remember, if the dentist is not a participating dentist, you may be required to pay all of the treatment cost at the time of service and submit a claim to Delta Dental for reimbursement.

If you are diagnosed with a condition or disease that requires a specialist and no specialist who is a participating dentist has the specialized dental training and expertise to treat your condition or disease or Delta Dental can not provide reasonable access to a specialist who is a participating dentist without unreasonable delay or travel, you may be referred or consult a specialist who is not a participating dentist on your own. For purposes of calculating any deductible, co-payment amount or co-insurance payable by you, he will be considered a Premier Participating Dentist for your treatment. Remember, if the dentist is not a Premier dentist, you may be required to pay all of the treatment cost at the time of service and submit a claim to Delta Dental for reimbursement.

Locating a Delta Dental Participating Dentist

There are several ways in which you can locate a participating dentist near you:

- You may access information about the plan through our web site at www.deltadentalins.com. This web site includes a dentist search function allowing you to locate Delta Dental participating dentists by location, specialty and network type; or
- You may also call Delta Dental and one of our representatives will assist you. He/she can provide you with information regarding a dentist's membership status, specialty and office location.

PLAN INFORMATION

Benefit Summary Chart

The services provided through the plan include all the benefits described in the Benefit Summary Chart on the following page, with the exception of those items presented in the **Limitations and Exclusions** section. The plan covers several categories of benefits when a licensed dentist provides the services and when they are within the standards of generally accepted dental practice. To help you understand the types of procedures that are included in each of the categories of services, examples and descriptions are provided in the chart. The enrollee's share may be higher than the percentages listed in the chart, depending on the applicability of deductibles, maximums, the difference between a non-participating dentist's fee and the Premier maximum plan allowance or charges for non-covered services.

The information in the following chart applies to services provided by Delta Dental PPO dentists, Delta Dental Premier dentists and Non-Participating dentists:

* Percentages are based on the PPO Allowed Amount, which is the lesser of the dentist's submitted fee or the PPO Maximum Plan Allowance.

Copayments

The plan will pay, for each covered service up to the maximum amount subject to certain limitations, and you are responsible for paying the balance. What you pay is called the copayment and is part of your out-of-pocket cost. You pay this even after a deductible has been met.

The amount of your copayment will depend on the type of service provided and the dentist providing the service (see section titled "Selecting Your Dentist"). Dentists are required to collect your copayment for covered services.

It is to your advantage to select PPO dentists because they have agreed to accept the PPO allowed amount as payment, which typically results in lower copayments charged to you. Please read the sections titled "Selecting Your Dentist" and "How Claims Are Paid" for more information.

Deductible

Most dental plans have a specific dollar deductible. The Benefit Summary Chart shows the deductibles that apply. Deductibles apply to all benefits unless otherwise noted. Each enrolled family member must pay the individual deductible amount each calendar year to satisfy the plan deductible. You pay this directly to your dentist for completed services. The total deductible amount paid will not exceed the family deductible for all family members.

Maximum Benefit

Most dental programs have a maximum benefit. This is the maximum dollar amount a dental plan will pay toward the cost of dental care. The enrollee is personally responsible for paying costs above the maximum benefit. The Benefit Summary Chart shows the maximum benefit amount that applies. This is the maximum benefit amount that Delta Dental will pay for covered services per enrollee in a calendar year.

Note on Additional Benefits During Pregnancy

When an Enrollee is pregnant, Delta Dental will pay for additional services to help improve the oral health of the Enrollee during the pregnancy. The additional services while the Enrollee is covered under the Contract include: one (1) additional oral exam and either one (1) additional routine cleaning, one (1) additional periodontal maintenance procedure or one (1) additional periodontal scaling and root planing per quadrant. Written confirmation of the pregnancy must be provided by the Enrollee or her dentist when the claim is submitted.

Limitations and Exclusions

Dental plans are designed to help with part of your dental expenses and may not always cover every dental need. The typical program includes limitations and exclusions, meaning the program does not cover every aspect of dental care. This can relate to the type of procedures or the number of visits. These limitations and exclusions are carefully detailed in this booklet and you should make yourself familiar with them. Please read the **Limitations and Exclusions** section to help you understand the limitations and exclusions of this dental plan.

HOW CLAIMS ARE PAID

Payment by Delta Dental for any single procedure that is a covered service will be made upon completion of the procedure. Payment for care is applied to the calendar year deductible and maximum benefit based on the date of service. After you have satisfied your deductible requirement, Delta Dental will provide payment for covered services at the percentage indicated in the Benefit Summary Chart up to a maximum for each enrollee in a calendar year.

Payment for Services — Delta Dental PPO Dentist

Payment for covered services performed for you by a PPO dentist is based on the PPO maximum plan allowance. PPO dentists have agreed to accept a PPO maximum plan allowance as the full charge for covered services.

Delta Dental calculates its share of the maximum plan allowance or the dentist's submitted fee, whichever is less, ("Delta Dental Payment") using the applicable percentage from the Benefit Summary Chart and sends it directly to the PPO dentist who has submitted the claim. Delta Dental advises you of any charges not payable by Delta Dental for which you are responsible ("Patient Payment"). These charges are generally your share of the maximum plan allowance or submitted fee (copayment), the deductible, charges where the maximum benefit has been exceeded, and/or charges for non-covered services.

Payment for Services — Delta Dental Premier Dentist

A Delta Dental Premier dentist is a participating dentist, but is not a Delta Dental PPO dentist. Premier dentists have not agreed to accept a PPO maximum plan allowance as full payment for services, but instead have agreed to accept a Premier maximum plan allowance. Payment for covered services performed for you by a Premier dentist is calculated based on the PPO allowed amount, which is the lesser of the dentist's submitted fee or the PPO maximum plan allowance.

The portion of the allowed amount payable by Delta Dental ("Delta Dental's Payment") is limited to the applicable percentage shown in the Benefit Summary Chart. Delta Dental's Payment is sent directly to the Premier dentist who submitted the claim. Delta Dental advises you of any charges not payable by Delta Dental for which you are responsible ("Enrollee's Payment"). These charges are generally your share of the allowed amount, as well as any deductibles, charges where the maximum benefit has been exceeded, the difference between the Premier maximum plan allowance and the PPO maximum plan allowance, and/or charges for non-covered services.

Payment for Services — Non-Participating Dentist

Payment for services performed for you by a Non-Participating Dentist is also calculated by Delta Dental based on the PPO allowed amount which is the lesser of the dentist's submitted fee or the PPO maximum plan allowance. The portion of the allowed amount payable by Delta Dental ("Delta Dental's Payment") is limited to the applicable percentage shown in the Benefit Summary Chart.

When dental services are received from a non-participating dentist, Delta Dental's Payment is sent directly to the primary enrollee. You are responsible for payment of the non-participating dentist's total fee. Non-participating dentists will bill you for their normal charges, which may be higher than the allowed amount for the service. You may be required to pay the dentist yourself and then submit a claim to Delta Dental for reimbursement. Since the Delta Dental Payment for services you receive may be less than the non-participating dentist's actual charges, your out-of-pocket cost may be significantly higher.

How to Submit a Claim

Delta Dental does not require any special claim forms. Most dental offices have standard claim forms available. Participating dentists will fill out and submit your claims paperwork for you. Some non-participating dentists may also provide this service upon your request. If you receive services from a non-participating dentist who does not provide this service, you can submit your own claim directly to Delta Dental. For your convenience, you can print a claim form from our web site: www.deltadentalins.com.

Your dental office should be able to assist you in filling out the claim form. Fill out the claim form completely and mail it to:

**Delta Dental
P.O. Box 2105
Mechanicsburg, PA 17055-6999**

Payment Guidelines

Delta Dental does not pay participating dentists any incentive as an inducement to deny, reduce, limit or delay any appropriate service.

If you or your dentist files a claim for services more than twelve (12) months after the date you received the services, payment may be denied. If the services were received from a non-participating dentist, you are still responsible for the full cost. If the payment is denied because your participating dentist failed to submit the claim on time, you may not be responsible for that payment. However, if you did not tell your participating dentist that you were an enrollee of the plan at the time you received the service, you may be responsible for the cost of that service.

We explain to all participating dentists how we determine or deny payment for services. We describe in detail the dental procedures covered as benefits, the conditions under which coverage is provided and the program's limitations and exclusions. If any claims are not covered, or if limitations or exclusions apply to services you have received, you may be responsible for the full payment.

If you have any questions about any dental charges, processing policies and/or how your claim is paid, contact Delta Dental.

Optional Treatment and Non-Covered Services

You must pay for any non-covered or optional dental benefits that you choose to have done. Refer to the **Limitations and Exclusions** section for information about excluded services and limitations.

Often there are several approaches or different methods that a dentist may use to treat dental needs. This program is designed to cover dental treatment using standards of care consistent with the delivery of quality, affordable dental treatment to the enrollee. If you request a treatment that is more costly than standard practice, you must pay for the charges in excess of the covered dental benefit.

Example: If a metal filling would fix the tooth and you choose to have the tooth crowned, you are responsible for paying the difference between the cost of the crown and the cost of the filling. You must pay this money directly to your dentist.

Pre-Treatment Estimates

If you and your dentist are unsure of your benefits for a specific course of treatment, or if treatment costs are expected to exceed \$300, Delta Dental recommends that you ask for a pre-treatment estimate. You should ask your dentist to submit the claim form in advance of performing the proposed services. Pre-treatment estimate requests are not required but may be submitted for more complicated and expensive procedures such as crowns, wisdom tooth extractions, bridges, dentures, or periodontal surgery. You'll receive an estimate of your share of the cost and how much Delta Dental will pay before treatment begins. Delta Dental will act promptly in returning a pre-treatment estimate to you and the attending dentist with non-binding verification of your current availability of benefits and applicable maximums. The pre-treatment estimate is non-binding as the availability of benefits may change subsequent to the date of the estimate due to a change in eligibility status, exhaustion of applicable maximum benefit or application of frequency of procedure limitations.

Other Health Insurance

Be sure to advise your dentist of all programs under which you have dental coverage and have him or her complete the dual coverage portion of the claim form, so that you will receive all benefits to which you are entitled. When you have coverage under more than one benefit program, the primary and secondary carriers coordinate the two programs, so that the primary carrier pays its portion first and then the secondary carrier pays its portion, not to exceed the dentist's fees for the covered services.

The following rules will be followed to establish the order of determining the liability of this or any other programs:

1. The program covering the enrollee as an employee will determine its benefits before the program covering the enrollee as a dependent.
2. The program covering the enrollee as a dependent of an employee whose birthday falls earlier in the calendar year will determine its benefits before the program covering the enrollee as a dependent of an employee whose birthday falls later in the calendar year. If both employees have the same birthday, the program covering the employee for the longest period will be primary over the program covering the employee for the shorter period.
3. The program covering the enrollee having custody of the dependent will determine its benefits first; then the program of the spouse of the parent with custody of the dependent; and finally, the program of the parent not having custody of the dependent. However, if the specific terms of a court order state that one of the parents is responsible for the health care expenses of the dependent, the benefits of that program are considered first. The prior sentence will not apply with respect to any period during which any benefits are actually paid or provided before a program has actual knowledge of the court order.
4. The program covering the enrollee as an employee or as a dependent of an employee will determine its benefits before one that covers the enrollee as a laid-off or retired employee or as the dependent of such person. If the other plan does not have a rule concerning laid-off or retired employees, and as a result each plan determines its benefits after the other, then this paragraph will not apply.
5. If the other program does not have a rule establishing the same order of determining liability for benefits or is one which is "excess" or always "secondary," Delta Dental will determine its benefits first. If such determination indicates that Delta Dental should not have been the first program to determine its benefits, Delta Dental will be considered as not the first to determine its benefits.

6. In situations not described in items 1 through 5, the program under which the enrollee has been enrolled for the longest period of time will determine its benefits first.

When Delta Dental is the first to determine its benefits, benefits will be paid without regard to coverage under any other program. When Delta Dental is not the first to determine its benefits, and there are remaining expenses of the type allowable under this program, Delta Dental will pay only the amount by which its benefits under this plan exceed the amount of benefits payable under the other program or the amount of such remaining expenses, whichever is less.

ELIGIBILITY AND ENROLLMENT

Eligibility Requirement

You will become eligible to receive benefits on the date stated in the contract after completing any eligibility periods required by the group. Under this dental plan, members will be offered an annual enrollment option period (normally from November through December). Future members will be offered a 60-day enrollment option following their becoming a GEBA member. Those who do not elect to enroll will not be able to enter the program until the next enrollment period. There will be no waiting period for members to enroll in the Enhanced Plan. Members who enroll and then drop out may only re-enroll into the basic plan. If dependents are not enrolled with the member initially, a status change (except life changing events) cannot be made until the following enrollment period. You may enroll for individual and family coverage.

If your dependents are covered, they will be eligible when you are or as soon as they become dependents. Dependents are your:

- Spouse.
- Married or unmarried children and/or dependent grandchildren until the day of their 26th birthday. Such children include: (a) your biological child, (b) your legally adopted child (including a child living with the adopting parents and/or grandparents during the period of probation), (c) a child for whom you have legal guardianship or temporary guardianship of more than 12 months duration and for a shorter period if the guardianship is of a dependent minor and granted by testamentary, (d) a stepchild, or child or grandchild who is the subject of a Court Order of support directed to you, without regard to the amount of support contributed by you, the amount of time the child spends in your home, or the custodial arrangement for the child. Documentation of the above must be furnished upon request by Delta Dental.
- Married or unmarried children and/or dependent grandchildren of any age who were covered prior to the disqualifying age as set forth in the above paragraph and who are incapable of self-support by reason of mental or physical incapacity that occurred prior to the disqualifying age as set forth in the above paragraph. The dependent child must also be chiefly dependent on you for support and maintenance, but is not required to reside with a parent or legal guardian who is a primary enrollee. Eligibility of these dependent children and/or grandchildren will not be terminated while the contract remains in force and the dependent child and/or grandchild remains in such condition. Proof of physical or mental disability must be furnished as required by Delta Dental.
- Newborn children and/or dependent grandchildren of any primary enrollee for 31 days from: (a) the moment of birth, (b) the date of placement for adoption or upon placement in the foster home, or (c) the date of appointment for a minor for whom guardianship has been granted by court or testamentary appointment. Proof of birth or adoption or foster home placement must be furnished upon request by Delta Dental. In order for the coverage to continue beyond the 31-day period, you must notify the Plan administrator of the birth, adoption, placement in the foster home, or appointment of guardianship.

- A Domestic Partner.
- Married or Unmarried Children of a Domestic Partner.

Changes in Eligibility Status

Changes in eligibility status (i.e. marriage, divorce, birth, etc.) must be reported to the Plan Administrator within 60 days following the event causing the change. If you do not change coverage when first eligible, you may change later during a subsequent open enrollment period. Changes received from the 1st of the month through the 15th of the month become effective on the 1st of the month in which the notice is received. Changes received from the 15th of the month through the last day of the month become effective on the 1st of the following month.

Loss of Eligibility

Your coverage and coverage of your dependents ends on the last day of the month in which termination of employment occurs or immediately when this program ends.

Extension of Benefits

- In the event that your coverage is terminated, Delta Dental will extend benefits for at least 90 days beyond the date on which your coverage terminates or until the services are complete if the treatment: (1) begins before the date coverage terminates; and (2) requires two or more visits on separate days to a dentist's office.

COMPLAINTS, GRIEVANCES AND APPEALS

Our commitment to you is to ensure quality throughout the entire treatment process: from the courtesy extended to you by our customer service representatives to the dental services provided by our participating dentists. If you have questions about any services received, we recommend that you first discuss the matter with your dentist. However, if you continue to have concerns, please call Delta Dental's Customer Service Center.

Delta Dental attempts to process all claims within 30 days. If a claim will be delayed more than 30 days, Delta Dental will notify the enrollee in writing within 30 days stating the reason for delay.

Questions or complaints regarding eligibility, the denial of dental services or claims, the policies, procedures, or operations of Delta Dental, or the quality of dental services performed by the dentist may be directed in writing to Delta Dental or by calling Delta Dental at (717) 766-8500 or toll-free at (800) 932-0783. You can also e-mail questions by accessing the "Contact Us" section of Delta Dental's web site at www.deltadentalins.com.

A grievance is a written expression of dissatisfaction with the provision of services or claims practices of Delta Dental. When you write, please include the name of the enrollee, the primary enrollee's name and enrollee ID, and your telephone number on all correspondence. You should also include a copy of the claim form, Benefits Statement, Invoice or other relevant information.

Appeals

Any dissatisfaction with adjustments made or denials of payment should be brought to Delta Dental's attention, and if unresolved to your satisfaction, to the Plan Administrator. The Plan Administrator will advise you of your rights of appeal or other recourse.

Appeals on claims denied must be submitted in writing. For an explanation as to your rights of appeal, please refer to the Claims Denial Review Procedure that is furnished automatically without charge as a separate document that accompanies this booklet.

Send your grievance, appeal, or claims review request to Delta Dental at the address shown below:

GENERAL PROGRAM INFORMATION

Proof of Claim

Before approving a claim, Delta Dental will be entitled to receive, to such extent as may be lawful, from any attending or examining dentist, or from hospitals in which a dentist's care is provided, such information and records relating to attendance to or examination of, or treatment provided to, an enrollee as may be required to administer the claim, or that an enrollee be examined by a dental consultant retained by Delta Dental, in or near the community or residence. Delta Dental will in every case hold such information and records confidential.

Physical Access

Delta Dental has made efforts to ensure that our offices and the offices and facilities of participating dentists are accessible to the disabled. If you are not able to locate an accessible dentist, please call our Customer Service Center and a representative will help you find an alternate dentist.

Access for the Hearing Impaired

The hearing impaired may contact the Customer Service Center through our toll-free TTY/TDD number at (888) 373-3582.

Privacy

Delta Dental values its relationship with you. Protecting your personal information is of great importance to us. Delta Dental will obtain from the enrollee only nonpublic information that relates to Delta Dental's administration of the dental benefits we provide. Information may include, but not be limited to name, address, social security number, enrollee ID, and date of birth. We do not disclose any nonpublic personal information about you to any affiliated or nonaffiliated third parties except as is necessary in order to provide our service to you or as we are required or permitted by law. Delta Dental maintains physical, electronic, and procedural security measures to safeguard your nonpublic personal information in our possession.

Web Site Security

Delta Dental employs security measures to control access to the eligibility and dental benefit information under our control. Delta Dental uses industry standards, such as firewalls and Secure Socket Layers, to safeguard the confidentiality of personal enrollee information.

There are areas of our web site that require a specific user ID and password for web site access. In order to receive a user ID and password, Delta Dental requires enrollees to contractually agree to not provide information they may access to other individuals. The user identification and password required for site access is internally validated to ensure this information cannot be viewed without proper authority and security authentication.

ENROLLEE RIGHTS AND RESPONSIBILITIES

We believe that you, as a Delta Dental enrollee, have the right to expect quality, affordable care that protects not only your dental health, but also your privacy and ability to make informed choices. We also believe that you have certain responsibilities to help protect these rights.

The Right to Choose

The Delta Dental system maintains some of the largest dentist networks in the industry — each with a full range of specialists — to give you the widest possible choice of dentists. Dentists are never penalized for referring you to a specialist. You can visit any dentist at any time, without prior notification or authorization from Delta Dental.

The Right to Quality Assurance

While we support the right of enrollees to choose their dentist, we recognize our responsibility to provide some assurances of quality care.

Therefore, each dentist who has contracted with Delta Dental agrees to provide care that meets the standards of the dental profession. Dentist contracts allow Delta Dental to audit dental offices in person — at random and for cause — to help ensure that these standards are met. If you should ever receive substandard care from a Delta Dental dentist, Delta Dental will fully investigate the matter and can arrange for you to be reimbursed and/or retreated as needed.

The Right to Affordability

Delta Dental contracts with dentists to provide fair and reasonable compensation. Those contracts also prohibit dentists from billing you for excess charges, “add-on” procedures that should already be included, or for any amount that is Delta Dental’s responsibility.

Delta Dental benefit plans are designed to promote preventive care, avoiding dental disease before more costly treatment becomes necessary.

The Right to Full Disclosure

You have the right to clear and complete information about your dental benefits, including treatment that is subject to limitations or not covered. You are entitled to know what your share of costs will be before you receive treatment (“pre-treatment estimate”), and how your dentist is compensated by Delta Dental. Delta Dental provides materials to explain these features to you.

Delta Dental dentists are not subject to policies sometimes called “gag clauses.” You are entitled to hear about all treatment options your dentist may recommend, whether covered or not, and to obtain a second opinion if you choose.

The Right to Fair Review and Appeal

Delta Dental supports your right, as well as your dentist's, to a fair and prompt review of any of Delta Dental's coverage decisions. We maintain effective complaint resolution systems in the event of disagreement over coverage or concern about the quality of care.

The Responsibility to Protect These Rights

Protection of the rights described above is possible only with your cooperation. In order to ensure the continued enjoyment of these rights, you share:

- The responsibility to participate in your own dental health — practicing personal dental hygiene and receiving regular professional care. You should avoid substances and behaviors that could jeopardize your oral health, and should cooperate with your dentist on his or her recommended treatment plans.
- The responsibility to become familiar with your coverage. This includes meeting any financial obligation incurred as a result of treatment (including the appropriate copayments or deductibles required by the program). It means cooperation with Delta Dental policies designed to protect against health care fraud schemes by fellow enrollees or dentists. It also means taking advantage of the information available on dental health and your dental program so that you can become a more informed consumer.

LIMITATIONS AND EXCLUSIONS**Excluded Benefits**

The plan covers a wide variety of dental care expenses, but there are some services for which we do not provide benefits. It is important for you to know what these services are before you visit your dentist.

The plan does not provide benefits for:

1. Treatment or materials that are benefits to an enrollee under Medicare or Medicaid unless this exclusion is prohibited by law.
2. Treatment or materials to correct congenital or developmental malformations (including treatment of enamel hypoplasia) except for newborn children eligible at birth, so long as such eligible children continue to be enrolled. When services are not excluded under this provision, congenital defects or anomalies specifically includes individuals born with cleft lip or cleft palate, and other limitations and exclusions of this section shall specifically apply.
3. Treatment that increases the vertical dimension of an occlusion, replaces tooth structure lost by attrition or erosion, or otherwise unless it is part of a treatment dentally necessary due to accident or injury.
4. Treatment or materials primarily for cosmetic purposes including but not limited to treatment of fluorosis (a type of discoloration of the teeth) and porcelain or other veneers not for restorative purposes, except as part of a treatment dentally necessary due to accident or injury. If services are not excluded as to particular teeth under this provision, cosmetic treatment of teeth adjacent or near the affected teeth are excluded.
5. Treatment or materials for which the enrollee would have no legal obligation to pay.

Your Rights under ERISA

As a participant in the plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA), as amended. ERISA provides that all Plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

1. Examine, without charge, at the GEBA Office, all plan documents and copies of all documents filed by the plan with the U.S. Department of Labor, such as the latest annual reports (form 5500 Series) and plan descriptions. This examination may take place between the hours of 10 a.m. and 3 p.m. Monday through Friday, except holidays.
2. Obtain copies of these plan documents (including insurance contracts and the Series 5500 report) upon written request to the Board of Directors of GEBA who may make a reasonable charge for the copies.
3. Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "Fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including an employer, your benefit association, or any other entity may discriminate against you in any way to prevent you from obtaining a benefit or exercising your rights under ERISA.

If your claim for a benefit is denied in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to this decision without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request materials from the plan and do not receive them within 30 days, you may file suit in federal district court. In such case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the plan administrator.

If you have a claim for benefits that are denied or ignored in whole or in part, you may file suit in a state or federal court. If the plan

fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in federal court. The court will decide who should pay court costs and fees. If you lose, the court may order you to pay these costs and fees. For example, you may have to pay these fees if the court finds your claim to have been frivolous.

If you have any questions about the plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan Administrator, you should contact the nearest Area Office of the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, NW, Washington, DC 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.
