

# Current 2018 Long Term Disability Insurance Premiums

## How do I use this chart?

To ensure an accurate assessment and choice of your long term disability benefits, be sure to read the instructions below:

- Locate the particular waiting period\* that you would like to apply for.
- Once you decide on a waiting period, find the particular amount of long term disability coverage you want. Remember this coverage is limited to 67% of your gross monthly salary.
- Next, locate the age range you belong to.
- Your **monthly** premium is where the age range row and benefit amount column meet.

Cost is based on the Waiting Period, Plan and Monthly Benefit Option you select, and the insured person's age when coverage becomes effective. The cost increases on the premium contribution due date on or immediately after the insured person reaches a higher age bracket.

\*Waiting Period: The span of time between the first day of a Total Disability and the day on which your benefits begin.

The premium contributions shown reflect the current rate and benefit structure. Premium contributions may be changed by New York Life® on any premium contribution due date, and any date on which benefits are changed.

However, your rates may change only if they are changed for all others in the same class of insured's. For example, a class of insureds is a group of people with the same issue age. Benefit option amounts are not guaranteed and are subject to change by agreement between New York Life Insurance Company and GEBA.
