## 2024 Biweekly Group Long Term Disability Insurance Premiums

## How do I use this chart?

- To ensure an accurate assessment and choice of your long term disability benefits, be sure to read the instructions below:
- Locate the particular waiting period' that you would like to apply for.
- Once you decide on a waiting period, find the particular amount of long term disability coverage you want. Remember this coverage is limited to $67 \%$ of your gross monthly salary.
- Next, locate the age range you belong to.
- Your biweekly premium is where the age range row and benefit amount column meet. Monthly premiums are on the reverse.

The inital cost is based on the Waiting Period, Plan and Monthly Benefit Option you select, and the insured person's age when coverage becomes effective. The cost increases on the premium contribution due date on or immediately after the insured person reaches a higher age bracket. Premium contributions will vary depending upon the options and amount chosen.
${ }^{1}$ Waiting Period: The span of time between the first day of a Total Disability and the day on which your benefits begin.
